Subject: State level Seminar on 'Social Media, Cyber Crimes, Cyber Security, Youth And Mental Health Issues & Challenges', on Saturday, 29th September, 2018

Dear Sir/Madam,

Greetings from Karve Institute of Social Service, Pune.

In modern world society has become more and more open to technology and social media. Social media has been a blessing and boon to all of us and has prominent role in human development, making socialization and communication easier and quicker. However, social media also has many negative attributes that are increasing cyber crimes and consequently affecting the mental health of the society. Addiction of electronic gadgets & social media is affecting well being of the youths and particularly causing psychological, emotional problems, mental health issues.

Young generation will continue to pair mental illness with negative thoughts, disorders and severe mental illness. Emerging cognitive behavioural issues, mental imbalance, power conflicts, messianic zeal are impetuous to colossal issues of socializing in real life, confronting with life skills, aspirations, fulfillment of social responsibilities as a sensible law abiding citizen. Incidences of cyber crimes have disrupted psycho-socio, cultural, economic, political environment and social order. Recent studies reported the facts that majority of the young people associate mental illness with extreme unhappiness and violence.

The need of the hour is concerted and collaborative efforts of social work institutes, NGOs, Rotary, Police, social workers, mental health professionals, practitioners and media to plan awareness building campaign on social media, cyber crimes and mental health. Karve Institute and Rotary have launched such campaign.

It is matter of great pleasure to inform you that Karve Institute of Social Service, in joint collaboration with, Rotary Club of Poona West, Pune, Maharashtra Association Of Social Work Educators (MASWE), Mental Health Forum, Pune Police Cyber Cell, Pune, is organizing a 'State level Seminar on 'Social Media, Cyber Crimes, Cyber Security, Youth And Mental Health Issues & Challenges', on Saturday, 29th September, 2018. We therefore cordially invite academicians, faculty members, NGO, mental health professionals, social workers and students, to participate in this seminar.

The proposed seminar is one step forward towards 'Awareness Campaign on Cyber Security and Mental Health Awareness'. The objectives of seminar are; to disseminate the information and knowledge about social media, cyber security and cyber crimes- amongst youth and professionals; to create awareness about use of social media, ill effects and influence on mental health; to identify the role and intervention strategies of NGOs, media, police and mental health professionals to tackle such issues, challenges to ensure good mental health and quality life.

Kindly send the enclosed registration form to confirm your participation by post through email (kinsspune@gmail.com or dwalokar@gmail.com or maheashthakur24@gmail.com) so as to reach the office by 20th September, 2018.
